# **TEAM BUILDING COOKING CLASSES**

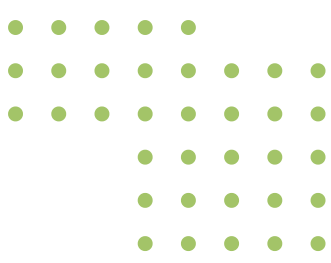

**AN ENGAGING, FUN-FILLED EXPERIENCE**

*Looking to cultivate quality relationships within your team?*

*Or simply enjoy a unique group activity?*

*Look no further!*

*Our cooking classes offer “food for thought & fuel for teamwork”*

# CLASS FORMATS

## The Guided Challenge

Teams are provided with detailed recipes & all necessary ingredients to prepare identical dishes. Each team will have equal time to complete their meals, competing to execute the recipes to perfection!

## The Blind War

Fast thinkers vs Smart Movers!

This format calls for creativity & challenges teams to create a three-course meal without recipes or step-by-step guidance from the Chef! All ingredients will be made available at a central station and teams must select theirs wisely to craft their award winning dishes within the allocated time!

## The Mystery Box

Unleash the chefs within!

the Mystery Box has secret ingredients and each team bids for their preferred box using hints and clues given by the Chef. Each box contains the necessary ingredients to curate a perfect meal but comes with a twist! The Mystery Ingredient! which must be incorporated somewhere in the meal!

# WHAT'S INCLUDED?

## *Included is:*

- Expert guidance from qualified and trained staff
- All the necessary ingredients for your culinary creations
